

Chester County Family Academy Board of Trustees
Extended School Year Services (“ESY”) Policy

The Chester County Family Academy (“CCFA”) Board of Trustees directs that CCFA comply with the requirements 34 CPR 300.106 relating to extended school year services.

The Principal or his designee is directed to ensure that the charter school uses the following standards for determining whether a student with disabilities requires ESY as part of the student's program:

(1) At each IEP meeting for a student with disabilities, the charter school or cyber charter school shall determine whether the student is eligible for ESY services and if so, make subsequent determinations about the services to be provided.

(2) In considering whether a student is eligible for RSY services, the IEP team shall consider the following factors, however, no single factor will be considered determinative:

(i) Whether the student reverts to a lower level of functioning as evidenced by a measurable decrease in skills or behaviors which occurs as a result of an interruption in educational programming (Regression).

• (ii) Whether the student has the capacity to recover the skills or behavior patterns in which regression occurred to a level demonstrated prior to the interruption of educational programming (Recouprnent).

(iii) Whether the student's difficulties with regression and recouprnent make it unlikely that the student will maintain the skills and behaviors relevant to IEP goals and objectives.

(iv) The extent to which the student has mastered and consolidated an important skill or behavior at the point when educational programming would be interrupted.

(v) The extent to which a skill or behavior is particularly crucial for the student to meet the IEP goals of self-sufficiency and independence from caretakers.

(vi) The extent to which successive interruptions in educational programming result in a student's withdrawal from the learning process.

(vii) Whether the student's disability is severe, such as autism/pervasive developmental disorder, serious emotional disturbance, severe mental retardation, degenerative impairments with mental involvement and severe multiple disabilities.

Reliable sources of information regarding a student's educational needs, propensity to progress, recoupment potential and year to year progress may include the following:

- (1) Progress on **goals** in consecutive IEPs.
- (2) Progress reports maintained by educators, therapists and others *having* direct contact with the student before and after interruptions in the education program.
- (3) Reports by parents of negative changes in adaptive behaviors or in other skill areas.
- (4) Medical or other agency reports indicating degenerative-type difficulties, which become exacerbated during breaks in educational services.
- (5) Observations and opinions by educators, parents and others.
- (6) Results of tests, including criterion-referenced tests, curriculum-based assessments, ecological life skills assessments and other equivalent measures.

The need for *FSY* services will not be based on any of the following:

- (1) The desire or need for day care or respite care services.
- (2) The desire or need for a summer recreation program.
- (3) The desire or need for other programs or services that while they may provide educational benefit, are not required to ensure the provision of a FAPE.

Students with severe disabilities *such* as autism/pervasive developmental disorder, serious emotional disturbance; severe mental retardation; degenerative impairments with mental involvement; and severe multiple disabilities require expeditious determinations of eligibility for *ESY services* to be provided as follows:

- (1) Parents of students with severe disabilities shall be notified by the charter school or cyber charter school of the annual review meeting to ensure their participation.
- (2) An IEP review meeting must occur no later than February 28 of each school year for students with severe disabilities.

(3) The notice of recommended educational placement (NOREP) shall be issued to the parent no later than March 31 of the school year for students with severe disabilities.

(4) If a student with a severe disability transfers into a charter school or cyber charter school after the dates in paragraphs (2) and (3), and the ESY eligibility decision has not been made, the eligibility and program content must be determined at the IEP meeting.

The eligibility for EBY services of all students with disabilities shall be **considered at** the IEP meeting. ESY determinations for students other than those described **above as** having severe disabilities are not subject to the timelines for students with the **severe** disabilities described above. However, determinations for those other students shall still be made in a timely manner.

If the parents disagree with the charter school's recommendation on ESY, **the parents** will be afforded an expedited due process hearing in accordance with **applicable** laws. Parents are to be provided with the required procedural **safeguards notice**.

ESY **prop -ams** are to be individualized with regard to the amount of **services and individually** appropriate goals and related services.

In cases where ESY is denied, evidence to support the denial is to be made **part of the** student's file.

The Principal or his designee is directed to develop procedures consistent **with this policy** and applicable laws.
