Chester County Family Academy CS Rules Regarding Classroom Visitation

The Chief Executive Officer ("CEO") of the Charter School may allow parents/legal guardians to visit their child up to twice a month, not to exceed two approved visitors per day. Visitors must arrange observations five (5) school days in advance with the Charter School CEO. All visitors must sign in at the office and will be required to show proper identification (government issued I.D.) Visitors must obtain and wear a visitor identification badge in a visible place. While in the school building, all cell phones must be silenced and telephone conversations must occur outside the building.

Visits shall not exceed one hour of silent observation in an area designated by the administration. Visits may be less than an hour if necessary, as determined by the Charter School administration in its sole discretion. While observing, parents/legal guardians may not interact with any child, teacher, or staff member. If the parent/legal guardian has questions or concerns about anything observed during a visit, they should make an appointment to discuss matters with the CEO or teacher after the visit.
